

COLUMBUS CENTER

A CARING COMMUNITY OF LEARNING

DIRECTOR'S MESSAGE

Summer is in the air, and we can't believe another month at the Columbus Center has come to an end. We've had a little break and will be back to school June 10th-27th. We are so amazed at the progress of so many of our students. Their dedication, grit, and desire to learn is inspiring. We love hearing their stories and learning from their examples and experiences. Each person's story is different, and it's a reminder that every person on this planet has a story. We are all children of a loving God who cares for us and helps us in our individual pursuits and desires of our hearts.

One of our favorite parts of each class session is the fact we open each day with an opening prayer and a 15-minute devotional. I love to hear the students pray (in their own language) for help from God to learn English. They know they can't do it alone, and it's sweet to hear them reach out to a higher power for the help they need. The devotionals are also a wonderful chance for our teachers to share their love, support, and an inspirational thought for our students. They've given amazing thoughts about grit, how to pray, American history, perseverance, courage, loving yourself, loving others, service, and many more. Each time our hearts are touched by the outpouring of love from our volunteers to our students and vice versa.

There is something special that happens when we come together to help our fellow men. Whether it's our teachers or the hundreds of youth, teens, committee members, and volunteers who come to the center, their selfless service creates a special bond and feeling at the center. This feeling is one we will cherish and remember for many years to come. May God bless each of you for your goodness and efforts in this important cause.

~Shandra & Todd Madsen, Directors Herriman CAEC.

VOLUNTEER SPOTLIGHTS

MOGAN FOUNTAIN

Teen Program Volunteer

How long have you lived in Herriman?

I've lived in Herriman 7 years. I love the community feel, the mountains, hiking and all of the great people.

How did you hear about the Columbus Center?

From a friend who encouraged me to sign up to help.

What is your role at the Columbus Center?

I'm part of the Teen Program helping those teens ages 12-17 in the community. The teens meet every Tuesday and Wednesday evening from 6:30-9 p.m. Even though I'm only able to be there once a month it's a great opportunity to meet these youth and help them in anyway I can. We need more help, so come help if you are able!

Why did you want to serve at the Columbus Center?

I love working with the youth in general, and felt this opportunity would be another avenue to to work with great kids. I think it's important to get outside of your comfort zone and get outside of yourself for a bit to serve and help others where you can. This opportunity provided that chance for me.

Tell us about your family

I have 3 sons who are 16, 14 and 9. My husband's name is Will and he's a lawyer for a local software company. I am currently in school through BYU Pathways and am going into Professional Studies. I spend my time doing homework, helping my boys get to where they need to be and am a substitute in the District. I love helping youth at the schools and being with my boys when I can.

What have you learned from serving at the Columbus Center?

Even though we're all from different back grounds and have different educational opportunities we can all learn from each other and grow together and serve one another. I've also learned of the enormous need for these youth in our community who could use a lot of help, support and influence.

What would you share with someone trying to decide if they should volunteer at the CAEC?

You won't regret it. It will be a sacrifice but you'll be grateful and happy that you chose to do it.

We are looking for more volunteers wanting to work with teens!

If interested, please contact Shelley Cundick at 801-232-8168

ZACK LEISTER

Teacher, Tues. PM

Tell us about your family.

I am married to an absolutely wonderful kindergarten teacher named Heather. I have 4 children, Emma, Sydney, Owen, and Jaimi, all of whom think I am the most hilarious person on the planet ;).

How long have you lived in Herriman?

We moved to Herriman from Boise 11 years ago and absolutely love it here. It's truly remarkable to see all the change that has happened in that time.

How did you hear about the Columbus Center?

I first heard about the Columbus Center on Instagram and immediately knew that I wanted to be a part of it. I am very grateful to everyone that has helped get it up and running and I think it is and will continue to be one of the most important organizations in our community.

Why did you want to serve at the Columbus Center?

I spoke Vietnamese while serving an LDS mission in Australia and I taught English frequently as a part of that experience. I saw what a difference being able to speak the native language meant in the lives of those amazing people and was eager to have that experience again.

What have you learned from serving at the Columbus Center?

First and foremost I have learned how much God loves us. I'm not a big believer in coincidence and I'm grateful for the opportunity to serve our amazing students, and grateful that they have the opportunity to be here with us. I have learned to be even more grateful for the blessings that I have as a citizen of our great country, and respect for the great sacrifices our students make in their personal lives, with most working long days, taking care of their families, AND being diligent in working on their language skills to improve their lives and maximize the contributions they make in our communities. I've also learned some additional background about a few grammar rules about my native language that I didn't fully understand! :D

What would you share with someone trying to decide if they should volunteer at the CAEC?

For anyone thinking about volunteering at the Columbus Center There are two critical things to understand: 1) You DO NOT need teaching experience or Spanish language skills. 2) You will be appreciated more than you can imagine and you will quickly learn to love those whom you are serving. My Tuesday evenings at the Columbus Center are the consistently the highlight of my week.

Tell Us About Yourself and Your Family:

I have 2 adult kids, a girl who is 26 and a son who is 23. They are both studying at universities here in Utah, UVU and BYU, respectively.

My husband and I met after our university studies in Salt Lake City and got married in 1996. We moved to New Hampshire, then to Texas and then in 2012 we came to Herriman. In 1997, I certified as an ESL paraprofessional and began to work in schools both in Utah and in New Hampshire with ESL students. I have long loved working with people from other countries. And I learned Spanish in California as a volunteer missionary for my church in 1990. I majored in Spanish and use it weekly with friends, clients and colleagues.

I love to travel, dance, read, eat good food (cooked by someone else), volunteer and meet new people.

How did you hear about the Columbus Center and why did you want to serve at the Columbus Center?

I heard about Columbus adult education Center from Facebook through community postings and couldn't wait to get involved because I have spoken Spanish and worked & volunteered with Latinos for over 30 years. I've lived in two foreign countries and studied several foreign languages. I am a huge fan of the beautiful people all over the world, and have a strong desire to help those who come here seeking a better life find that better life as they increase that opportunity by learning English. Because I speak Spanish fluently and able to connect with Latinos from almost every country that speak Spanish, my life has been very enriched. I love the opportunity to rub shoulders with and get to know all of the wonderful cultures coming here to Utah.
